Both Bessie and I have separate 1:00 calls today to address Typhoon Soudelor. Mine is with Derek Chambers, PHS officer at BEQC and our OSC Michelle Rogow to discuss our deployment and next steps. Bessie's meeting is with the IMT as she is serving as the Resource Unit Leader for the Typhoon response.

My daily call is usually at 1:30, but today it is at 1:00 in the EOC.

Mike – Might you be able to cover for dw today? I will plan to participate in future daily calls.

Nonresponsive Conference Code

Good morning everyone,

I have set up this call to occur for the next week. It will happen at the same time every day – including over the upcoming weekend. We may be in a position to drop these at some point – but we can arrive at that decision next week. Since there are potential impacts to three regions I have included 6,8 and 9.

Here is the call-in information for the calls:

Thanks.
